

BLAZE KING

Ashford 30

Design Our craftsmen used the timeless medium of Cast Iron to create a beautiful and elegant piece of furniture with detailed relief and curves. The Ashford is available in painted metallic black, brown porcelain enamel and black porcelain enamel finishes. The adjustable dual action door latch has a smooth and easy operation.

Options You can add optional Cast Iron side shelves and door filigree to enhance the look and function of your Ashford.

Convection Heat The optional dual fan system recirculates room air over the hot surface of your stove. The fans spread this superheated air evenly around your home.

Radiant Heat Radiant heat is like sunshine. The surfaces of your Blaze King stove radiate heat so you feel the inner warmth you expect from a real fire.

Controlled Heat All Night Long Blaze King's built-in thermostat and catalytic combustor work together to give you continuous, even heat and the longest burn time of any stove.

Thermostat control (no electricity required) Blaze King's built-in thermostat constantly monitors the heat output of your stove. Our unique technology, where we combine the efficiencies of a catalytic combustor with a built-in thermostat, provides the longest burn times of any wood stove.

Burn 33% less wood Blaze King manufactures the most efficient wood stoves in the world. The Ashford 30 has a high efficiency firebox which incorporates all the technological advances found in a Blaze King wood stove.

10 Year Extended Warranty Because we believe in the technology and craftsmanship built into every Blaze King stove, we are pleased to offer a 10 year extended warranty on your catalytic combustor beginning in 2012.

Features

Design

- Elegant Cast Iron body
- Cast Iron legs
- Nickel plated door handle
- Optional side shelves
- Optional door filigree
- Optional Chestnut Brown Enamel
- Optional Black Enamel

Function

- Thermostat control (No power required)
- High efficiency catalytic combustor with 10 year warranty
- Standard ash drawer on easy glide runners
- Double action door handle
- Optional fan kit
