

1.5 story ranch built in 1948  
~1900 sq ft

The original house appears to be cinderblock construction for the first floor.  
There appear to be several additions of the years: dormer added upstairs, the kitchen was bumped out ~ 5 feet and the TV room added (crawl

the dotted lines signify the rooms upstairs

Outside

Living room view from hallway near stairs (towards the front of the house)

Living room view from standing near the front window looking towards the fireplace/stairs.
